The 6th National Conference on Earthquake Engineering and the 2nd National Conference on Earthquake Engineering and Seismology - 6CNIS & 2CNISS, will take place on June 14-17, 2017 in Bucharest - Romania, at the Technical University of Civil Engineering. The previous National Conferences were hosted by the Technical University of Civil Engineering of Bucharest in 1997, 2001, 2005, 2009 and 2014.

The 6CNIS & 2CNISS will offer a stimulating and challenging environment for the exchange of ideas, knowledge and experience. The organizers invite scientists, engineers, contractors, urban planners and policy officials to participate in this event. The renowned international scholars from the International Advisory Committee will provide keynote and invited lectures in the plenary sessions.

The papers accepted by the International Advisory Committee and Scientific Committee will be published in the Conference Proceedings; authors of the accepted papers will present their contribution in the Symposium.

1. Seismicity of Romania; physics of seismic sources; lithosphere structure and dynamics; processing of seismic data; seismic hazard assessment; earthquake monitoring and early warning
2. Geotechnical earthquake engineering; site effects
3. Design regulations; structural analysis, performance based-design, seismic evaluation and rehabilitation
4. Seismic behaviour of engineering structures and of transportation networks and lifelines
5. Seismic risk evaluation and management of emergency situations
6. Innovative solutions for seismic protection of building structures
7. Workshop "40 years from March 4, 1977 Vrancea earthquake"
8. Workshop "BIGSEES - Bridging the Gap between Seismology and Earthquake Engineering: from the seismicity of Romania towards a refined implementation of Seismic action EN1998-1 in earthquake resistant design of buildings"
9. Workshop "RO-RISK – Disaster risk assessment at national level"

Invitation

Conference topics

UTCB - Technical University of Civil Engineering of Bucharest

INCDFP - National Institute for Earth Physics

URBAN-INCERC - National Institute for Research and Development in Construction, Urban Planning and Sustainable Spatial Development

IGSU - General Inspectorate for Emergency Situations

With the support of:

IGAR - Romanian Academy Institute of Geography

ISC - State Inspectorate for Construction

AICR - Romanian Association of Civil Engineers

ARIS - Romanian Association for Earthquake Engineering

Organizers

Abstracts (in English language, including the authors names, affiliation and contact e-mail, with a text of maximum 300 words, .doc file) should be sent until **06.03.2017** on one of the conference e-mails: 6cnis@utcb.ro or 2cniss@infp.ro. The acceptance notice will be sent by **15.03.2017**.

The accepted papers will be sent in .doc and .pdf formats at the same conference e-mails (6cnis@utcb.ro or 2cniss@infp.ro) for publication in the Conference proceedings by **15.05.2017**. Papers will be in English and will have a maximum length of 8 pages.

The possibility of having a Special Springer volume containing a selection of the presented papers is under investigation.
